- Use your favorite video games to accelerate you language success.
- Feel at ease when speaking your new language.
- Connect your emotions to the foreign language.
- Learn how to be a welcomed in the target culture.

Many have read the book and are enjoying their new language experience.

"Fun with Languages is such an incredible resource! As someone who has always been interested in improving their Spanish, I couldn't have discovered this book at a better time in my life. It gave me the push I needed to start to improve my spanish with practical and easily applicable tips and tricks to help". **M. Taylor**

"If you're on the verge of learning that second or third language, this book is perfect for you. The author highlighted the benefits of learning a foreign language, the importance of making". **Azumidawn**

"Having access to Monica Di Santi's book pleasantly surprised me. Thanks to her professional background, the author came up with a comprehensive and straight to the point guide based on tips and tricks which have a positive provoking logistic, revealing different aspects (both positive and negative), which helped me understand better my linguistic abilities and also the reasons for why I got stuck". **Christine**

This is a self-help book, where the author aims to bring her 20+ years of experience to bear on the issue of how to make learning a language fun.

Broken into three main parts, the author first seeks to guide readers into understanding their own motivation for learning a foreign language, list the benefits of doing so, and finally guide readers to greater appreciation of other cultures.

Speed up your language success for only \$2.99.
